

# Small Group Training

Riley Development Academy's mission is to help elevate the overall quality of soccer across the Greater Binghamton and surrounding areas, by focusing youth player training. There is no better way for a player to develop his/her footskills than through small group training.

RDA is proud to announce small group training programming. All sessions will be run by former local professional soccer player and RDA founder, Chris Riley. Groups will consist of 2-, 4-, or 6-participants. Each training package encompasses 5 sessions at the rates as per below. Sessions will cater to player(s) needs and desires. (Footskills, passing, dribbling, strength training, etc.).
